PROFILE

Hi! I'm Marjorie Maigue, an IT student at City College of Calamba eager to learn design and development. I focus on learning how to create clean designs and functional websites. Currently, I am learning how to become a good web developer and am always willing to study more to expand my skills.

I believe in hard work, teamwork, and continuous learning. As I study, I aim to use what I learn to create helpful projects and prepare for a career in technology.

EDUCATION

Primary
Looc Elementary School Batch 2012-2018

Highschool
Looc Integrated School Batch 2018-2022

Senior Highschool
Looc Integrated School Batch 2022-2024

College
City College of Calamba Batch 2024-2028

WORK EXPERIENCE

Work Immersion Trainee
Teacher's Assistant
Served as a Teacher's Assistant responsible for maintaining classroom discipline and fostering a productive learning environment. Maintained accurate daily attendance records, organized academic files, and assisted with updating student grades under teacher supervision. Additionally, managed the efficient distribution of tests, learning modules, and activity sheets to support smooth classroom operations.

Primatech - 2022
Production Operator
Served as a Production Operator committed to following company rules, standard operating procedures, and safety regulations. Maintained clear and open communication with team members and supervisors to ensure smooth daily operations and high-quality production standards.

Sercomm Phil. - 2025
Production Operator
Similar to working in a Primatech company, this role allowed me to build strong workplace discipline, but it was even more enjoyable due to the frequent overtime opportunities and smoother team communication.
